	Participant name or ID	Marketing and Content matched	The content met my needs	The graphics were useful	The benefit of the information relative to program cost	Temperature	Size of room	Ease of access	Lighting	Spoke clearly and understood	Generated audience participation	Related our experience to content	Helped us learn the material	Gave us information we can use	What did you expect from this program?	How did this program meet or not meet your expectations?	Confirmation of ideas	Ideas about problems / solutions	Techniques I can apply on the job	New ideas and approaches	How did this program fit into your overall goals?	What could we do to improve this program?	What went well in this program
01		4	5	3	5	2	3	3	3	5	5	5	5	5	More information about trauma treatment	Yes it met my expectations	y	y	y	y	The program helped us all reframe our conception of clients to a more understanding point of view	None, it was well presented and the content was through	The interactive parts and the worksheets were very helpful. Using our own cases was great!
02		5	5	5	5	1	4	5	5	5	5	5	5	5	Training about trauma	Exceeded my expectations	y	-	y	-	Perfect fit	More physically energizing breaks--hard to focus for so long :)	Group interactions
03		5	5	5	5	2	3	3	3	5	5	5	5	5	I wasn't sure what to expect but was very happy with what I got.	Absolutely.	-	y	y	y	All clients have experienced some level of trauma and it gives me a different way to approach the creation of treatment plan form/	the only thing I wasn't thrilled with was the first day having to move into groups with people I didn't know well. There was a comfort to doing exercises with people I know.	The interaction and how we were challenged to use interventions. If not right on track I was not made to feel stupid about not following others thoughts.
04		5	5	5	0	2	3	5	5	5	5	5	5	5	Learning alternative treatment modality	it exceeded my expectations. The case examples and active participation was especially helpful.	-	y	y	y	to improve my ability to help clients.		Role plays and the interactive process of the training.
05		5	5	5	5	1	3	3	3	3	5	5	5	5	To learn how to view trauma through a framework that encouraged repair.	The workshop met my expectations.	y	-	-	y	Presented clinicians with a reparative framework to counsel clients	More yet shorter days	Communication of material, audience participation, openness of participants to share

06	5	5	5	5	3	3	3	3	5	5	5	5	5	Learning how to access and treat clients appropriately	It met my needs greatly! Not only for my clients but for myself both personally and professionally	y	y	y	y	well beyond my goals!	Nothing it was perfect! More trainings for us! :)	Everything! I was comfortable and Elizabeth kept us interested at all times through knowledge and humor. Best training and trainer I've ever had, thank you! Christa
07	5	5	5	5	2	3	3	3	5	5	5	5	5	I did not hve expectation when first coming to the training which I find to be helpful b/c it allows me to be open to learning rather than getting expectation met.	Excellent	y	y	y	y	Contribute to my goal of keeping "on my toes" when learning about trauma	n/a	The trainer was excellent! Honest & productive.
08	5	5	5	5	2	3	3	3	5	5	6	5	6	Expected some brief info on trauma therapy	Overly met and exceeded my expectations w/ a ton of useful techniques for myself & my clients.	y	y	y	y	More interventions that I can actually put into use	Nothing--perfect	Everything! Gave me more confidence to do the work that I do and a better understanding of my clients' resistance and realistic expectations to
09	5	5	5	5	2	3	5	4	5	5	5	5	5	My expectationd were actually extremely low and I was pleasantly surprised. I feel I have a new amount of knowledge.	Exceeded. See above.	y	y	y	Yes-absolutely. I can utilize it in my everyday work with clients.	N/A	Everything was great! Elizabeth is an amazing presenter with a breadth and depth of knowledge. Her personal and professional background enhanced her	
10	5	5	5	na	1	3	3	3	5	5	5	5	5	To learn how to help clients c trauma hx &/or current.	This program exceeded my expectations.	y	y	y	y	This program was a very good fit.	Booster trainings.	The facilitator was fantastic, never skipped a beat. Knowledgeabe & positive about the material. Collaborated with the group. Made the information easy to understand.
11	5	5	5	5	2	3	4	4	5	5	5	5	5	To learn something valuable that I can use seeing as I am new to this field.	I learned new techniques that I hope will be useful in my field.	y	y	y	y	I feel that I have something to start off with.	More role playing. They were very useful in helping us to understand things.	Everything.

12	5	5	5	5	3	3	3	3	5	5	5	5	5	Didn't know much about the program prior to actual training however it was very helpful	this program met my expectations & provided me w/ additional knowledge to be used in my work.	-	y	y	y	My goal was accomplished left training w/ more useful knowledge.	no improvements needed @ this time.	Loved the interaction btw facilitator and trainees.
13	5	5	5	4	2	3	5	5	5	5	5	5	5	Learning a way to view clients by there trauma and not necessarily by psychosis	met my needs exceptionally Provided examples, role play and activities	-	-	y	y	It continues to broaden my views on mental health, traua and working w/ families.	na	Activities Role play Using and referring back to information provided throughout training
14	5	5	5	4	2	4	3	3	4	5	4	5	5	To learn effective techniques in order to help my clients better	it met my expectations. I feel more comfortable now I kind of feel what my client feel, need or want.	-	-	y	--	New ideas techniques for ech one of the families I work with.	make it more fun	Overall it was a great training.
15	5	5	5	5	3	3	3	3	5	5	5	5	5	to increase my ability to provide trauma focused treatment	yes	y	y	y	y	It met my goals exactly.	incorporate into a retreat for increased processing.	everything
16	5	5	5	5	1	3	5	5	7	5	5	5	5	Ways of treating the deep trauma not surface responses	yes	y	y	y	y	changed the way I understand and assessed clients w/ trauma		Liked the role play and case scenarios I am a hands on learner.
17	5	5	4	4	1	3	3	3	4.5	5	5	5	5	Expected a prescriptive clinical model for trauma recovery	Not a clinical model but a philosophy/values of trauma informed practices which also met my expectations	y	y	y	y	very well	more strategic use of role play with contextual structure for learning points	very good training--really enjoyed it--a means to package/frame other trauma training I have had in the past.

Part.	General				Physical Environment				Facilitator				Expectations	Program benefits				Goal Match	Improvement possibilities			
18	5	5	5	5	2	3	5	4	5	5	5	5	5					y	provided a great framework on which to understand impact of trauma and how it manifests in kids behavior	more around crisis management	using the worksheets w/ specific cases was very helpful in integrating the material	
19	5	5	4	5	1	3	3	5	5	5	5	5	5	did not have any real expectations	it was very practical spoke to real life situations	y	-	-	-	This still has to be discussed further in reference to our agency	stronger connection from role plays to learning points. This did occur on Day 3 more.	Great audience participation. Created a safe space for everyone.
